

We've created a dental plan that works better than traditional insurance.

During this uncertain time, Lakeview Dental has created a plan especially for patients who do not have dental insurance or whose employer no longer provides it. As regular dental care is an integral part of your overall health, we have created this plan to support you and your efforts to maintain proper oral health. We hope that you utilize this plan to improve and maintain the oral health for yourself and your family for years to come. Keep in mind that this plan is not dental insurance, but does have a number of great member-only benefits!
